

GEC INDUSTRIAL PUMPS

A Division of Glauber Equipment Corporation

Pumps • Skids • Systems
Heat Exchangers • Blowers

Tel: 888-452-8237 • Fax: 716-681-0715

Glauber Equipment Corporation (GEC) has been providing high quality Blower, Compressor, and Pump Systems across Upstate and Western New York since our founding in 1960. We have supported a vast array of industries by providing solutions for their fluid, air and gas system needs. These industries include; Food/Beverage, Pharmaceutical, Environmental, Chemical, Textile, Agriculture, Semiconductor/Nanotech, and many others. In 2015, Glauber Equipment divided the company into specialized business units to better serve our customers. GEC Industrial Pumps is comprised of a team of industrial fluid pump sales and service members uniquely equipped to handle your fluid system needs.
